## Education

### Tashkent State University of Economics

Bachelor's Degree, Faculty of Digital Economy (Part-time)

2023 Sep - 2028 May

### Najot Ta'lim

Backend Development Course

2024 Sep - 2025 Aug

### 21-School

Cybersecurity Engineer

2024 Dec - 2026 May

## Projects

### "Qomar Qur'on Markaz" ERP System

2025 Sep - 2025 Dec

I developed a real-world **ERP** system for a Qur'an education center, including modules for students, teachers, payments, and administration. The backend is built with **Express.js** using **GraphQL API** and **PostgreSQL**, and **Prisma ORM** following secure, clean, and scalable architecture principles.

### E-Commerce Backend API

2025 June - 2025 July

A corporate-level **RESTful** API project built with **NestJS**, **TypeORM**, and **PostgreSQL**. The system includes modules for products, orders, payments, users, and wishlists.

### RentCar Project

2025 July - 2025 July

A scalable **RESTful API** project for car rental management, featuring modules for users, cars, and bookings. The system includes **JWT**-based authentication, follows Clean Code principles, and is deployed on **AWS** for real-world performance and reliability.

### Cybersecurity – Practical Experience and Skills

2024 Nov - 2025 May

Gained practical experience in network analysis, web application security, and server hardening. Worked with **Wireshark** and **GNS3** for network simulation, performed OWASP-based penetration testing, secured Linux servers, and configured core protocols like **DNS**, **DHCP**, and **NTP**.

## Awards & Honors

**1st Place – ByteBridge Coding Quiz** (March 2025)

Organized by ByteBridge. Recognized for outstanding coding skills, creativity, and performance.

## Skills

### Hard Skills

JavaScript, C; TypeScript, Node.js, NestJS, Express.js; Socket.IO; Restful, GraphQL PostgreSQL, MongoDB, JSON-based; Prisma, TypeORM, Git, Postman, Docker, Linux, Wireshark, GNS3, CI/CD, dotenv, cron, AWS, HTML5, CSS3, AI-powered software development, AI-assisted coding

### Soft Skills

Problem-solving and analytical thinking; Teamwork and collaboration; Adaptability and continuous learning

## Languages

Uzbek – Native - English – Intermediate
